

Say **yes** to creative stuff and let other stuff fall in place.

LIFT EACH OTHER UP LIKE CROWD SURFING AND DON'T LET GO UNTIL OTHERS ARE HOLDING HIM/HER UP.

Not everyone who calls your name is for you. You know what's true and what's for you.

Being creative is doing a cannonball into the water

Calling feels like a merky, developing Polaroid.

Even if your heart's in the right place, you'll mess up and fail people. Just be not afraid.

The best thing is to BE YOU!
